PoleStar® Uni-Frame

OUTDOOR SPEAKER POLE MOUNT FOR ATLAS AH SERIES LOUDSPEAKERS

AH Series Speaker and Yoke provided by Atlas

The UniFrame is a complete mounting solution for outdoor loudspeakers. Its design combines the attributes of the PoleStar Marine stainless version but in just two models produced in steel and galvanized to a rugged outdoor weather rating.

The UniFrame reduces the amount of parts required for the job site and saves installation time by combining the support arm, pole adapter and two stainless steel band kits for pole diameters up to 24" / 610mm.

Each support arm includes three mounting holes at its end that allow installers to select the desired distance between the loudspeaker and the pole.

Model AH-PM-24-6Down-G accommodates pole diameters under 6"/ 152mm and the model AH-PM-24-6Up-G is designed for pole diameters over 6".

STANDARD FEATURES:

- Uni-Frame speeds installation time.
- Pole interface and arm brace add strength and stability for severe weather conditions.
- Rugged outdoor finish meets ASTM A123 and ISO1461 specifications.
- Mounting points accommodate all AH Series outdoor speaker models.
- Uni-Frame assembly supports one, two and three way speaker combinations.

SINGLE MOUNT

1pc PM-24-6Down-G or
1pc PM-24-6Up-G
1pc PM-Safety-6Down
1pc Safety Cable

DUAL MOUNT

1pc PM-DA-48-G
1pc PM-Mount-6Up
1pc PM-Safety-6Down
2pcs Safety Cables

TRIPLE MOUNT

1pc PM-24-6Up-G
1pc PM-DA-48-G
1pc PM-Safety-6Down
3pcs Safety Cables

THREE WAY ASSEMBLY

- Uni-Frame Assembly
- Includes mount band kit and an Optional dual adapter

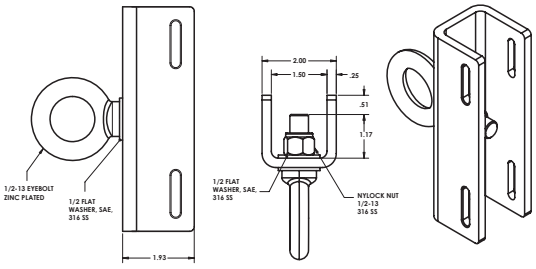
18" Safety cable with turnbuckles	SC-188-18-SS	.55 lb. / 25 Kg	840 lb. / 381.8 Kg
24" Safety cable with turnbuckles	SC-188-24-SS	.75 lb. / 34 Kg	840 lb. / 381.8 Kg
48" Safety cable with turnbuckles	SC-188-48-SS	1.05 lb. / 48 Kg	840 lb. / 381.8 Kg
72" Safety cable with turnbuckles	SC-188-72-SS	2.00 lb. / 91 Kg	840 lb. / 381.8 Kg

* Working Load Design Factor = 5:1 (Static Loading)



PM-SAFETY-6DOWN
BAND KITS SOLD SEPARATELY

SPECIFICATIONS:

Material:	Steel Alloy
Finish:	Galvanized
Color:	Silver
Design Factor:	10:1

SAFETY ANCHOR

This weatherized pole anchor is a must and designed for 2" and larger diameter poles or columns. This mount provides a load-rated anchor point for safety cables when such an anchor is not already provided with the pole.

SPECIFIERS TAKE NOTE:

- Use stainless-steel Polestar version for seaside installations.
- Always secure mounted objects to the mounting structure with safety cables.
- Custom designs are also available.
- Contact our design department at design@adapttechgroup.com.

WARNING: Mounting and/or suspension of audio and video equipment requires experienced professionals. Improperly installed equipment can result in property damage, personal injury and/or liability to the installing contractor.
